

Aditya Sharma

iOS Developer | Swift · SwiftUI · API Integration · Production App Delivery
(+91) 7037236343 | adisharma3030@gmail.com | [LinkedIn](#) | Noida, India

PROFILE

iOS Developer with 3.5+ years of experience across full-time and contract roles, building and shipping production apps using Swift, SwiftUI, UIKit, and Combine. Experienced in end-to-end app development, including feature development, REST API integration, Firebase, debugging, performance optimization, and App Store releases. Strong in independent remote work, Agile teams, and delivering features on schedule.

TECHNICAL SKILLS

Languages: Swift, C, Java

Frameworks & Libraries: SwiftUI, UIKit, Combine, Alamofire, CoreData, Firebase (FCM)

API & Backend Integration: RESTful API integration, JSON/Codable, real-time data sync (WebSockets), third-party SDK integration

Architecture & Testing: MVVM, XCTest (Unit & UI Testing)

Databases: Firebase, MySQL, CoreData

Tools & Platforms: Git, App Store release management, HTML, CSS **Currently Learning:** React Native (self-directed study; not yet applied on a production project)

EXPERIENCE

Software Engineer (iOS), RSSC Technologies Pvt. Ltd.

March 2023 – Present

- Develop and ship production iOS applications end-to-end using Swift, SwiftUI, UIKit, and Combine, taking features from design through App Store release.
- Integrate RESTful APIs via Alamofire and implement real-time data sync (StreamSocket) to keep app data current with backend services.
- Wire up Firebase Cloud Messaging for push notifications and maintain production apps post-release, including bug fixes and performance improvements.
- Diagnose and resolve production issues and performance bottlenecks in collaboration with backend and QA teams to keep release cycles on schedule.

iOS Developer Intern, iOS Labs

Jun 2022 – March 2023

- Built features using Swift and Firebase, integrating third-party libraries including Alamofire and Kingfisher.
- Worked across both UIKit and SwiftUI codebases, applying established architectural patterns under senior developer guidance.
- Built user-facing features and page layouts; wrote reusable components and optimized page load times.

PRODUCTION APPS / APP STORE PORTFOLIO

Contributed to the development and maintenance of the following production applications:

- [Homing In \(on the move\)](#) — App Store
- [FomigFile](#) — App Store
- [SwiftShop](#) — Demo E-Commerce App

EDUCATION

MCA, Computer Science - Meerut Institute of Engineering & Technology (MIET), Meerut UP (2020–2022, Grade - A)

BCA, Computer Science - SD College of Management and Studies, Muzaffarnagar UP (2016–2019, Grade - A)

Higher Secondary — Madan Mohan Malviya Inter College (83.08 %)

Secondary — Lala Jagdish Prashad Saraswati Vidya Mandir Inter College (79.33%)

ADDITIONAL

- Technical Writing: Published software development articles in LinkedIn and Medium.
- Languages: English, Hindi
